## The Marqués House hotel opens its doors in the Café Madrid building

The Marqués House Hotel, by the Valencian Myr hotel chain, which belongs to the Comatel group, opens its doors in the historic Café Madrid building. It is located in an emblematic setting in the centre of the Turia's city next to the "Marqués de Dos Aguas" Palace. It is a superior four-star hotel which shares space with the famous Café Madrid, the cradle of the famous drink "Agua de Valencia" since 1959.

The luxurious hotel in the centre of Valencia stands out for its design since the most particular structures of the building have been respected so that it does not lose its essence. Original hydraulic floors, Carrara's marbles from Italy and avant-garde porcelains by Lladró signed by Jaime Hayón create an elegant yet cozy atmosphere with home automation technology.

The legendary Café Madrid, a place frequented by artists and writers of the time, has 3 different atmospheres such as the restaurant, the cocktail bar, and a solarium terrace to enjoy incredible views. Different areas to offer a wide offer to all types of public.

The person in charge of the gastronomic part of the restaurant, both at the Marqués House hotel and at Café Madrid, is the prestigious chef Nacho Romero, awarded with two suns in the Repsol Guide. His culinary commitment is based on a menu of international flair, where flavours of the world are combined with the best product to create dishes that combine perfectly with cocktails. Besides this, there is room in the menu for some vegetarian and vegan dishes.

The Café Madrid cocktail bar is run by Iván Talens, renowned bartender and founder of Mesquebarmans. The creativity and passion that characterize the Valencian bartender will be reflected in the preparation of his cocktails. A total show for the senses.

The chain already has a hotel in front of the Central Market open since 2016 and it will shortly open another luxury hotel in the Vallier Palace building, located opposite the Palau de la Generalitat.
